### Welcome to Hayes Valley Art Works

Hayes Valley Art Works, a temporary arts incubator is forming on Parcel O (at Fell and Laguna) as a place to come together to discuss, learn, teach, share and express artistic vision for the betterment of the neighborhood. As we work to transform the space we are looking forward to your creative ideas, volunteerism, and participation.

All are invited to be a part of our work parties to help create and beautify our site. Our Studio Nights with free workshops promise to be interesting! We will post a more complete schedule on the Hayes Valley Neighborhood Association's website soon, so watch for it to be updated on our activities. It's so exciting to bring new art activity to Hayes Valley.

We are actively looking for volunteers. Please contact us if you would like to participate in preparing Parcel O.

Please contact [hayesvalleyartworks@gmail.com](mailto:hayesvalleyartworks@gmail.com) for more information.

### Farewell Madeline!

One reason that Hayes Valley is synonymous with local art is our good neighbor and artist, Madeline Brigham-Behrens. She has announced her moving to Santa Rosa, and we are all trying to imagine our lives without her daily presence.

A longtime resident, artist, merchant, and grassroots activist for our neighborhood, Madeline, with dear friend and fellow merchant and activist Russell Pritchard, envisioned a different neighborhood back in the early 1990's.

Once Patricia's Green opened, Russell and Madeline formed the Hayes Valley Art Coalition and curated the public art at Green for eight years. Madeline has also served as HVNA ACE committee co-chair for the last two years.

An advocate for local artists, Madeline connected the Hayes Valley art world together, through pop-up art locations and through her social media.

While we'll miss her daily presence, we know she will be close by - that is the miracle of present and future social media. Stay tuned for the proper "send-off" required for a person who simply knew what needed to be done.
