## Hayes Valley Art Works Relocating to Parcel S

By R. Esmus, Editor, the Hayes Valley Voice

Hayes Valley Art Works (HVAW) is a community creation space that has been made possible by the partnership of the Hayes Valley Neighborhood Association and Haight Street Art Center. While bringing public art to the neighborhood - Hayes Valley Art Works has also activated and helped to maintain public vacant space in neighborhood. Their mission is to have the community to come together to discuss, learn, teach, share and express artistic vision for the betterment of the neighborhood. This project allows artists to create and display original pieces, curate exhibits, performances, community events and unique gathering spaces on a vacant lot with a long history.

After over a year at Parcel O at Fell St. & Laguna St. (one of the many lots leftover from the removal of the Central Freeway), Hayes Valley Art Works will relocate to Parcel S at Page St. and Octavia Blvd. (also leftover from the removal of the Central Freeway).

Hayes Valley Art Works is able to do the good work that they do through the sale of art and through contributions from the community. To contribute, please visit <https://hayesvalleyartworks.org/>

### President's Column

By Gail Baugh, president

*It's Time for Summer!!*

We've got many new activities on which to report in this edition.

We appreciate our increasing membership, both merchants and residents. For those who may not know, our neighborhood association is composed of about 1/3 each of renters, homeowners and merchants. Many of our board members and key activists are renters, who all have a significant stake in keeping our community fun, diverse and vibrant. So, if you are a renter, we look forward to your joining, volunteering, and enjoying what the neighborhood organization does.

You'll also notice our Hayes Valley Merchants Insert, promoting our merchant members. Please support our local merchants as much as possible. As you may know, we have in place a ban on chain stores in our merchant district. HVNA helped define what "local" means to our city.

We are focused on efforts to restore the plantings and maintain the presentation along Octavia Boulevard, the Homelessness Task Force is organizing efforts to improve quality of life for all neighbors, new affordable housing is coming to Hayes Valley at Parcel O, and new entertainment activities are on the way for all to enjoy and support. If you have ideas, please contact the one of our committees.

Road construction activity has increased. The long-awaited sewer/water system replacement project has finally started on Hayes Street, between Laguna and Webster. Later, the work will begin in our commercial district, and it will be a major disruption for our merchants. We are giving as much notice and trying to prepare them for the business barriers and street closures that accompany this important work. If you have any questions, you can contact Alex.M.Murillo@sfdpw.org to be on the update notices. Along with the underground work, SFMTA will install pedestrian safety bulbouts at the corners of Laguna and Buchanan Streets after the work is

*President's Column continued from page 1*

completed. The bulbouts are a part of a greater effort to calm traffic and keep pedestrians safe in our neighborhood.

SFMTA will be rolling out a Page Street project to reduce traffic congestion there. The real issue is traffic apps continue to push traffic to small side streets. The owners of the apps must take responsibility for directing traffic to small side streets incapable of handling the traffic. Change the apps to protect small streets! Driving in Hayes Valley with streets nearly always at capacity requires patience. Honking doesn't help and is against the law unless an emergency. While the traffic leaving the city on Octavia Blvd is about the same as before the freeway came down, the apps now direct traffic off Oak Street to the side streets of Page and Haight. Encourage everyone you know to stay on Oak Street when leaving the city via Octavia. It's designed to handle the traffic. They'll arrive at their destination just fine.

Peace in the summer!

For more information, contact Gail at [president@hayesvalleysf.org](mailto:president@hayesvalleysf.org)

Ongoing construction is underway to improve the sewerways along Hayes Street. The 600-700 blocks of Hayes saw heavy work carried out during May. Expansion to the commercial blocks of Hayes Street is soon to come.

## Greening in the Neighborhood

By Jim Warshell, chair, HVNA Greening Committee

After a bit of a lull after a long wet winter, the Greening Committee got off to a major kickoff April 22<sup>nd</sup> and 29<sup>th</sup>. We celebrated Earth Day with another Friends of the Urban Forest tree planting and then followed up with major clean ups on both Octavia Boulevard and at the Hayes Valley Playground located at the corner of Hayes St. and Buchanan St.

We'd like to offer a shout out to our neighbor, Mark Stephenson. Mark is a volunteer and our new hero for his work on Octavia Boulevard. He has not only spearheaded a great team for the cleanup but has also worked with the Department of Public Works to launch a long overdue tree pruning along the Boulevard.

The Hayes Valley Playground cleanup had a fantastic team of valued volunteers also - with the cute award going to our regular volunteer Maura's niece ...redheads rock!

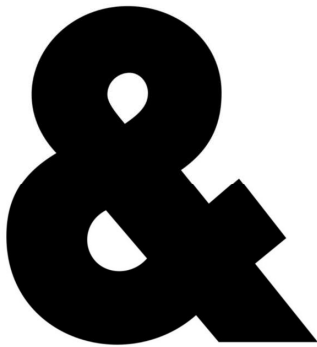

Next up, June 3<sup>rd</sup> and June 17<sup>th</sup> for another Octavia Boulevard clean up and June 10<sup>th</sup> for another Hayes Valley Playground clean up (all are scheduled from 9:00 AM- 12:00 PM PDT).

We hope to see you there....you won't believe what wonderful people you will meet.

For more information, contact the Greening Committee at [greening@hayesvalleysf.org](mailto:greening@hayesvalleysf.org)

SAVE THE NEXT CLEANUP DATES! 🌱

## Mourning Doves Nesting in Hayes Valley

*Photos contributed by Ian H., Hayes Valley neighbor & bird enthusiast*

Mourning Doves can be found across the continent - from Southern Canada to Central Mexico. This pair nested right here in Hayes Valley. They typically lay two eggs at a time and incubate for about two weeks.

## New Places to Drink & Eat in Hayes Valley

**1** Anina - The folks that brought us Brass Tacks out of Marlena's have successfully flipped Flipper's. This colorful bar has a comfortable outdoor patio with a delicious selection of beers and cocktails. Definitely good for a Sunday afternoon.

**2** RT Rotisserie - A new eaterie from the owners of Rich Table, this spot revives the corner of Oak St. & Franklin St. This fast-casual spot has bites reminiscent of home-cooked meals.

**3** The Riddler - A welcome addition to Laguna. This charming champagne bar revives the former Momi Toby's with both bubbles and snack - popcorn is complimentary.

*Photos by R. Esmus, Editor, the Hayes Valley Voice*

## HVNA Welcomes New & Renewing Members

*By Bob Barnwell, chair, HVNA Public Safety Committee*

Sunday, May 7 was another good day for HVNA at Urban Air Market. This twice a year event (returning to Hayes Valley in September) attracts a lot of people to Hayes Valley especially the ones who just moved here. Many people stopped by the HVNA tables on Octavia Blvd., 100 feet from Hayes St. They learned about the work HVNA does for the neighborhood. There were people who moved here the day before and others who have been here a few months to several years. All wanted to know about the history of HVNA and some of the committees in our organization. Transportation and planning issues and greening plans were discussed with many people stopping by.

Thanks to our members and returning volunteers for providing the tables, chairs and canopy for one of our best presentations to date. We had a sign-up sheet for people who wanted to know more about HVNA and we welcomed ten new members - THANKS! This event has always been a big driver of new membership for HVNA.

We are in the middle of our Spring renewal campaign and several renewed at the HVNA table. We hope all people who received a renewal letter will mail or go online their renewals in HVNA.

*For more information, contact Bob at [membership@hayesvalleysf.org](mailto:membership@hayesvalleysf.org)*

*To join HVNA, mail in the form found on page 7  
-or- head to <http://hayesvalleysf.org/join/> to join online*

## Business Crime Covered at May 1<sup>st</sup> Public Safety Meeting: More Communication Needed

By Bob Barnwell, chair, HVNA Public Safety Committee

One of the most important things coming from the Public Safety Meeting on May 1<sup>st</sup> was still the need to get information to businesses about how to fight crime. Furlishous Wyatt, the Business Specialist for SF SAFE, provided some good tips about how to prevent crime and what to do and who to call when it happens. Crime against businesses in Hayes Valley include vandalism, robbery and burglary, shoplifting and homeless issues. Some of the most vulnerable are fashion and apparel stores. One business owner in attendance said her store has been hit almost 10 times in the last few years.

Some tips include the benefits of installing cameras at a business. It was discussed the best way to position the camera. Cameras make it easier to identify when a crime happened and who carried it out. Northern Station offered to come to the business a few weeks after the camera is installed to make sure it is positioned correctly. Cameras are less expensive and easier to get than most people think. Most of the crime against businesses are committed by repeat offenders. If you can get a good picture of the suspect maybe you can stop them from another crime. Another discussion was the position of the metal gates at a business---In front of the window or behind the glass. Northern Station has a good flyer about identifying suspects.

Business crime can also occur in the form of vandalism. Several businesses were subject to this type of crime over the recent Memorial Day weekend (see photos at right).

With all the good information provided there is still a need to reach out to more businesses in Hayes Valley. Maybe the best way is to organize by the block and have a meeting on that block at a better time for business owners. Most of SF SAFE work is free and the best way to get Furlishous Wyatt to provide his good insight is to have a block or neighborhood meeting like the May 1<sup>st</sup> meeting. There is still a need to find the best ways to prevent crimes against businesses in Hayes Valley.

For more information, contact Bob at [safety@hayesvalleysf.org](mailto:safety@hayesvalleysf.org)

## RECAP: Silent Disco Embracing Diversity

*Presented by HVNA and ZERO dB Global*

We delivered the third Silent Disco Block Party on April 15, 2017, *the date known as Tax Day*.

If you're getting a refund, may be worth celebrating, but that's not what brought the people who came to our event, a diverse group of individuals, come together. Patricia's Green was buzzing with energy as was the neighboring streets. We had our third Silent Disco Block Party, Saturday night and the theme had nothing to do with taxes. We were celebrating the Power of I Am, celebrating one's self and individuality. Our differences define us and diversity makes us stronger. We had an awesome line-up of DJs, even taking requests from the crowd. Partygoers with their brightly lit headphones, were bouncing on the street, triangulating between Patricia's Green and this month's bar sponsors: Sugar Lounge and Dobbs Bar. Once again, we had Hayes Street buzzing with energy.

The Silent Disco series has been a great way for neighbors and visitors to enjoy the public spaces in central Hayes Valley. More recently, the neighborhood rallied for a Bay to Breakers pre-party at PROXY.

Thanks to all the participants and businesses that help make these events a special part of Hayes Valley!

# San Francisco Zen Center Holds Annual Zen-a-thon Fundraiser:

**Presents Guests with Tote Bags Made Locally from Reused Materials**

San Francisco Zen Center held another successful fundraiser this year. The annual gift for donating has long been a tote bag - this year SFZC partnered with Russell Esmus (neighbor and editor of this newsletter!) to produce tote bags locally from reused materials.

Russell has longed worked with textiles and has been collecting used table linens from the local hospitality industry. His work converting this waste into new goods helps reduce landfill waste. San Francisco has a goal of zero waste by 2020 and textiles are a problem area - this work is goaled at finding a new way to divert waste from the landfill.

For more information on Russell's work related to reuse, visit [www.heyrrussell.com](http://www.heyrrussell.com) or email him at [contact@heyrrussell.com](mailto:contact@heyrrussell.com).

## HVNA Membership Form

## Homelessness Task Force Update

By Paul Allick, Associate Member, HVNA Board of Directors  
Photo by R. Esmus, Editor, the Hayes Valley Voice

Members of the HVNA Homelessness Task Force met on Monday, May 15<sup>th</sup> with Rann Parker from the Homeless Outreach Team, a program of the City and County of San Francisco. It was very informative and gave us some practical suggestions in communicating with our homeless neighbors (we will be posting referral resources to [hayesvalleysf.org](http://hayesvalleysf.org)).

Now that we have gathered information we will zero in on a list actions steps. All are welcome to join us in this work as we seek ways to engage with our homeless neighbors and those government agencies tasked with addressing this humanitarian crisis. Let's have Hayes Valley lead the way!

For more information, contact Paul at [allickpd@aol.com](mailto:allickpd@aol.com)
