May–Jun 2006

Koshland Park Community Party

We will be celebrating our neighborhood and getting together for a community party from 1–3pm on Saturday, May 13th (the day before Mother's Day). This will be a great chance to spend time with other people from our wonderful community after our regular

Youth in the park measuring the sense of community. workday in Koshland Park. The workday starts in the morning, followed by a BBQ, Bake Sale, and Youth Performances by John Muir Elementary School, Western Addition Drill Team, Beacon Center and International High School! There will also be a crafts' table

for the youth focused on Mother's Day Arts and Crafts projects.

Do you know what you are doing this summer? Do you know of opportunities for the youth of the community this summer? There will be a District 5 Summer Resource Fair at the event, with information geared to the youth of our area. Please see the insert in this issue of the Voice for a listing of programs, and come to the Community Party for more details.

This community event is sponsored by the many partners of Hayes Valley Community Partners, including HVNA, Supervisor Mirkarimi's Office, Mayor's Office of Neighborhood Services, Western Addition Drill Team, Beacon Center, The Safety Network Program, John Muir School, Nancy Boy, and Hayes Valley Neighborhood Parks Group. The District 5 Summer Resource flyer was generously funded in part by the Mayor's Office of Criminal Justice, and the Community Party was generously funded by the Western Addition Beacon Center.

Beautification: The Next Projects for the Green

By Jim Warshell

The Hayes Green has proven to be a great place to host temporary art projects. Our experience with The Temple was terrific and we are all looking forward to what will be next. Two HVNA members met with the San Francisco Arts Commission to review the submissions for future projects. With nineteen entries reviewed, there were two unanimous favorites. We hope to be able to have both these projects installed, one on the Green and one on Parcel L adjacent to the Green. Jill Minton from the SF Arts Commission will present the projects at our next meeting and we hope you are as enthusiastic about them as we were.

One project is a triumphal arch made of an aluminum frame and hung with fabric squares similar to Tibetan prayer flags. We hope that this project, emphasizing the "gateway for the dreams and visions of the people in the com-

munity" concept will inspire our neighbors and visitors alike. It is a work by Sayed Alavi, a very creative and talented artist with a great history of doing exciting projects in SF, including one at SF MOMA's garage and several in Emeryville.

The other project draws on local architecture and history in creating a very fun and interactive project on Parcel L. This project from Wowhaus is called "A Historic Miniature Golf Extravaganza" and it features a clubhouse based on a very overlooked landmark in the neighborhood. It will be very interactive, including wiffle-ball golfing. We think it will be exciting, engage our adult and younger community and draw on the history of our community (yes, we had an amusement part here in our early history)!

Join us at the May general meeting to learn about these projects and provide your input.

President's Column

By Paul Olsen

Photo: Frances Neagley

It has been incredibly busy since our last newsletter, and there is more to come. Please read each of the articles in the Voice to get info on happenings in the 'hood. These include the Community Party at Koshland Park, an update on the Market/Octavia plan, Public Safety concerns, community events, and much more.

There are so many positive happenings in our area, and so many dedicated people who are involved in the work that goes on to make this a wonderful community. It has been very gratifying to hear people around City Hall talk of our good reputation, to see members of our community receive awards for their efforts, to see our youth become involved in the many positive aspects of urban living. Many of us have felt we have been making positive headway in Hayes Valley and the Western Addition. Our collaborative efforts through Hayes Valley Community Partners have brought us closer together with other organizations in the area, and we have much in common. Those commonalities include hard working dedicated

President's Column

people and an emphasis on the youth in our community. It has been very rewarding to meet and work with such positive people in our area.

Sadly, several of the meetings of late have focused on the tragic loss of life we've seen in the area recently, and of the effect this has on our youth. Too many young people have been exposed to senseless violence of the worst kind. Throughout the community, people continue to emphasize the need for effective community policing and expanded social justice programs. We must work together to provide positive alternatives to our youth, as well as ensure safety to our neighbors and support of enforcement efforts so that people know that crime is not acceptable in our community. Much of our May meeting will focus on Public Safety. Please come and be an active part of this discussion.

Many people and organizations, including HVNA and other members of Hayes Valley Community Partners, have been working for months to compile an in-depth listing of summer programs geared toward the youth throughout District 5. The idea is to make all of us aware of the great variety of choices we can make in how to spend time this summer. Included in this month's *Voice* is a flyer listing those programs. Please take the time to read it, and see what might appeal to the youth in your household.

With some of the warm weather we've finally been having, people's thoughts turn to refreshment. Several people have noted lately that we now have our own purveyor of one of San Francisco's favorite treats. Mitchell's Ice Cream is now available at Apollo Café, Fell Street at Laguna. When you're out in the 'hood, maybe you'll see me enjoying some!

Market & Octavia Better Neighborhoods Plan

By Jason Henderson

The Hayes Valley Neighborhood Association has worked tirelessly for 6 years to see the Market & Octavia Plan become reality, and it looks like things are coming together. The Planning Department is finalizing the plan and it should be adopted by the end of the summer. When this plan is adopted, there will be much greater clarity regarding how development occurs in our neighborhood, and there will be strong protections for our neighborhood and quality of life. When this plan passes, our vision of an ecologically sustainable and socially just community will be institutionalized and we will be much better equipped to deal with the myriad development and transportation issues facing us. The success of this plan is also a bellwether for the planning process in San Francisco, and its success will affect the entire city.

Upcoming Meeting

On Tuesday May 23rd the San Francisco Planning Department will hold a community meeting on the Market & Octavia Plan. This "pre-adoption workshop" will include a presentation of revisions to the plan in response to public input from the community meeting held last year. The revisions and updates will also include planning department responses to the public comments on the Draft Environmental Impact Report (DEIR). Keep in mind that the Market & Octavia Plan is a separate document from the DEIR, and that the DEIR essentially informs the overall plan by discussing possible environmental impacts (all plans need an EIR).

The first part of the workshop will be a brief presentation (30 minutes) on the recommended changes and updates to the plan. Anticipated revisions and updates to the plan include a proposed new historic preservation section, modifications to parking proposals tiered on the outcome of the downtown C-3 parking reforms, height, affordable housing, and public benefits like streetscapes. The revisions will be available for public review one week before the meeting, posted to the Market & Octavia Better Neighborhoods Plan website at: <http://marketoctavia.betterneighborhoods.org>

After the presentation, there will be opportunity for questions, and then community members will break-out into smaller groups to enable one-on-one dialogue with planning staff. This will allow a more thorough vetting of questions and concerns. Finally, the community will reconvene and hold a dialogue as a whole. Planning staff will also discuss the adoption process. Planning staff insist that this is a neighbors' forum and are seeking your input, so please make an effort to attend, and please review the revisions before the meeting.

What next?

Within a week of the May 23rd meeting, the Planning Department will publish a "Response to Comments on the Draft Environmental Impact Report (DEIR) for the Market & Octavia Better Neighborhoods Plan." This is expected to be a thick document reflecting the large amount of public input received last summer when the DEIR was released. There will be a number of procedural steps, including public notification. It is anticipated that the earliest the DEIR and Market & Octavia Plan will go before the Planning Commission is late June - no earlier than June 22nd due to legally required procedural steps. The Planning Commission will then deliberate separately on the two documents - the DEIR and the actual Market & Octavia Plan. The Planning Commission must first certify the DEIR before moving to adopt the final Market & Octavia Plan, incorporating it into the General Plan and Zoning Code. Expect this to occur in late June or July.

Please join us in expediting this plan by getting involved in the upcoming community forum.

WHEN: Tuesday, May 23rd: 6:30-8:30.

A 20-minute orientation will also be provided for anyone not familiar with the Market-Octavia Plan (from 6pm-6:20)

WHERE: Baha'i Center, 170 Valencia Street (near Duboce).

*Preview the revisions & updates at:
<http://marketoctavia.betterneighborhoods.org>
(available one week before the community forum)*

Bilingual Program Moves to Rosa Parks

By Glynis Nakahara

Come August, Rosa Parks Elementary School will open its doors as the newly merged home of two outstanding educational programs: Rosa Parks General Education program and the Japanese Bilingual Bicultural Program (JBBP).

Since the Board of Education's decision in January to relocate the Sunset-District JBBP to the Western Addition, leaders of both schools have been working collaboratively to bring their communities together and build the foundations of an unprecedented union. While details of the merger are still being refined, the defining model will be a Rosa Parks general education program together with JBBP's existing community-based, language acquisition program – not unlike the educational construct at notable District schools including Claire Lilienthal, West Portal, and Alvarado. "We are committed to building a single, cohesive school community with JBBP and are excited by our merger prospects," said Rosa Parks Principal Margo Fontes.

Despite its promising future, the JBBP program at Rosa Parks is currently bearing the hardship of lost enrollment due to its relocation and is

actively recruiting students entering grades K through 5. "We welcome interested families to contact us for information about our program and to schedule a tour," said Esther Honda, JBBP Site Council Chair. "One of the most unique things about JBBP is that no prior experience with Japanese language is required for entering students. For more information about JBBP and Rosa Parks Elementary School call 415. 242. 2684 or visit www.jbbpwest.org.

Planting seeds for the coming school year - families of the newly merged Rosa Parks Elementary School and JBBP gathered for a day of campus gardening in March. JBBP is currently accepting students in grades K through 5 for the 2006-2007 academic year.

What Goes Around Comes Around

By Richard Johnson

■ Hayes Valley Community Partners (HVCP), in which Hayes Valley Neighborhood Association is an active partner, takes pride in fostering a safe and caring community. Our goal is to provide positive activities and events that bring our community together and celebrate our diversity.

As many of you know, holidays often bring out the best in all of us. This was recently demonstrated by Lorraine Gash of Friendship Village. Lorraine coordinated a donation from one non-profit to another that brought us one step closer to continuing our mission. Usually, we need to take the initiative to reach out for donations of this kind so it was refreshing to see such a proactive approach to community building.

I initially met Lorraine through my work with the Northern Police Community Relations

Forum. Through our prior work together, she knew that HVCP worked with youth and families of the Hayes Valley/Western Addition neighborhoods. So, when she was approached by David Joy of Thanksgiving Once A Month with the possibility of a donation during Easter season, she immediately thought of HVCP. Call it Karma, or just being in the right place at the right time, but we readily accepted the offer.

Finding recipients for the Easter baskets was easy. The Easter baskets were given to youth of the Hayes Valley Playground and the Western Addition Drum Corp and Drill Team. Sincere thanks to David F. Joy and his non-profit Thanksgiving Once A Month for donating Easter Baskets to 50 youth. Thanks also to Lorraine for bringing our community together in such a positive way. You made a brighter Easter for many youth and families in our neighborhood!

Rec Connect

by Dei Ashcraft

Join us on May 20th at Ella Hill Hutch from 10-3 pm for the Recreation Connect event to discuss resources at Hamilton Rec and Park. CBO's from District 5 will be available to sign kids into summer programs, and there will be a job fair for families in Northern District. This is a collaborative effort with Supervisor Ross Mirkarimi's Office and the CBO's in district 5. It is going to be awesome!

Juneteenth Festival Notice

by Wade Woods

The 2006 San Francisco Juneteenth Festival will be held on June 17th & 18th on Fillmore St. between Geary and Fulton Street. There will be 3 stages of entertainment along with hundreds of Vendor booths with everything from exotic food, art & crafts, health fair, environmental fair to community information booths. The festival will be from 11 am to 7 pm both days. Individuals and organizations interested vendor booths should contact the Juneteenth Office at (415) 977-0632 or visit the web site at sfjuneteenth.org

LET US GROW! Summer Program

By Rebecca Bozzelli

■ Koshland Park Community Learning Garden, a project of the Hayes Valley Neighborhood Parks Group, is offering its first-EVER summer program for the youth to come learn about gardening, community history and the benefits of growing and eating healthy food. This is the inaugural summer and we are very excited to launch this program in the "urban farm" of our neighborhood -Koshland Park.

Let Us Grow! will take place from July 10-21st, 2006 in Koshland Park on the corner of Page and Buchanan Streets, and will provide positive engaging activities for youth between 8 and 12 who otherwise have limited summer opportunities. Urban youth will discover where their food comes from and how they are connected to this food and the global environment. Let Us Grow! will invite special guest chefs to excite the kids about nutritious foods with exhilarating recipes using food they harvest that day. We'll explore how garden fresh foods help you be healthy while providing the kids with an opportunity to determine how food affects the way you feel. Let Us Grow! will also offer rewarding and educational field trips throughout the Bay Area including a grand finale visit to Green Gulch Farm, Marin County.

With your support, we anticipate a fun, safe and environmentally-conscious summer program. Invest in our neighborhood youth! Your contribution will enable us to celebrate food, gardening and community with youth of our neighborhood. Contact Rebecca Bozzelli (415-987-0433, rabozzelli@yahoo.com) or Suzi Palladino (415-420-6518, suzi.palladino@gmail.com) to support this wonderful activity. All donations are tax-deductible and directly impact your local community!

No one will be turned away due to lack of funds.

Hayes Valley Neighborhood Parks Group Award

By Barbara Wenger

The Hayes Valley Neighborhood Parks Group (HVNPG) is being recognized for excellence by the Neighborhood Parks Council at its annual awards ceremony at Mission Bay Center on Tuesday, May 23, 2006. Mayor Gavin Newsom will present the group with an award and \$2,500.00 for their efforts.

HVNPG began in 1994 at the same time the Hayes Valley Neighborhood Association took root. It is an ethnically and economically diverse group of dedicated stakeholders committed to fostering neighborhood participation, pride and environmental stewardship for the parks and recreation areas in the Hayes Valley-Western Addition of San Francisco. It seeks to empower all residents, youth and their families to be healthy and safe and to positively impact their communities. The HVNPG has catalyzed a community around four different mixed-use parks, three community gardens and a recreation center and playground. The four parks are Rose-Page Mini Park, Hayes Green, Hayes Valley Playground & Clubhouse and Koshland Park.

The HVNPG programs highlight the neighborhood's diversity with a focus on recreation, youth and adult education, safety, health, nutrition and environmental awareness. Some of these HVNPG programs include the BEETS-Brigade of Environmental Educator Teens, Parks-Connect monthly workdays, workshops

and celebrations, Environmental Adventures Program, the Koshland Park Peace Tile Mural Project, the LetUsGrow-2006 Program and the John Muir Green Schoolyard Transformation. Future projects include developing a team of youth to become Eco Rangers for all our Hayes Valley parks, and a Watershed Wilderness Summer Program.

HVNPG began as a response to the crime and violence that were embedded in the parks and neighborhood, when residents were disconnected and disenfranchised. It reached out to the community, surrounding businesses, churches and community based organization to encourage park stewardship. The park stakeholders became well-informed partners with City departments, and funding agencies. Not only did these park advocates take back the parks from drug dealers and prostitutes, they have been able to secure over 2.5 million dollars to design and renovate two parks and to develop programs that build stewardship. Today Hayes Valley is one of the most diverse, vibrant, and transformed areas of the City. HVNPG helped create this wave of renaissance.

The HVNPG has created an oasis of beauty and community stewardship in San Francisco that is second to none. Please join us in honoring them! If you would like to attend the luncheon, get involved in the parks or make a donation, please contact: hvnparks@hotmail.com. The Tides Center (Fed ID# 94-3213100) is the fiscal sponsor of the HVNPG.

Some of the many Hayes Valley Neighborhood Parks Group Stakeholders at a recent work day.

Supervisor Ross Mirkarimi Hosts Art Opening

Featuring Photography of Senior PhotoShop Students of the Western Addition Community Technology Center

On Friday, May 19, 2006, Supervisor Ross Mirkarimi hosts the monthly Third Friday's Art Reception in his City Hall office, Room 282. In honor of Older Americans Month, Supervisor Mirkarimi pays tribute to the PhotoShop students of the Western Addition Community Technology Center (WACTC). WACTC is a non-profit organization.

Through their art and photography, Mr. Felton Cogell's PhotoShop students share their talent for the first time with the greater Community of San Francisco. Please join Supervisor Mirkarimi in celebrating the artistic contributions of these seniors during Older Americans Month.

Meeting Highlights

The May meeting will feature a presentation by the Arts Commission of proposed temporary art projects in or near Hayes Green. Please read the detailed article elsewhere in the Voice for more details, and come and learn more about these projects.

Much of the meeting will focus on Public Safety. This is a category that can be as broad as ensuring the sidewalks are in good shape so that our elders aren't at risk walking to preparing for emergencies (covered in detail at our April meeting) to working with representatives of our criminal justice system to ensure that violence is removed from our neighborhood.

This month the proposed format will be a panel of the City Attorney's office, SFPD and DA's office, to explain what neighbors can do for themselves to contribute to safety in our community, and how the agencies can support their efforts. The panel is intended to explain the role of various agencies and how neighbors can work together and access support when needed. We are using the HVNA's Safety Committee as our model, especially the Hayes/Buchanan Task Force efforts.

There have been many successes in confronting crime in our neighborhood, but many needs remain. Lately there have been many car burglaries in our area (and throughout the City) as well as a rash of burglaries in the business corridor and in several residences. Being aware and alert is the best way to prevent most crime. Please come to the meeting, get better educated, and be an active part of the solution.

Clean Team in District 5

Community Clean Team to Beautify District 5 in June and Help Keep San Francisco Clean, Green and Beautiful

By Frances Neagley

The Community Clean Team visits a different district of the City each month, coordinating volunteers to sweep streets and sidewalks, tend to neighborhood trees and plants, work on gardening projects and paint out graffiti in parks, schools and neighborhoods all over the district. The District 5 Community Day, including the Hayes Valley neighborhoods, will be **Saturday, June 3, 2006** and will kick off from Ella Hill Hutch at 1050 McAllister Street. Volunteers will paint out graffiti, create litter-free zones and tend to trees in the neighborhoods. The event is scheduled to run from 9:00 am to noon. All supplies are provided and lunch is served after the event at the main kickoff site.

The Gigantic 3 program will bring large debris boxes to the Ella Hill Hutch Community Center at 1050 McAllister for this event. Neighbors can drop off bulky items for garbage, recycling or composting. In addition to these items, used motor oil and filters, placed in plastic bags and separated from other items, will be accepted. All household batteries (non-automotive) and intact, unbroken fluorescent bulbs and tubes can be also be brought in for disposal. In addition, Goodwill Industries will be onsite accepting donations for reuse.

Volunteer in the Parks will bring the Community Clean Team to the Hayes Green, at Hayes and Octavia Streets, on **Saturday, June 17, 2006** where volunteers will work on gardening and beautification projects at the Hayes Green and along Octavia Boulevard and throughout the neighborhood. This event will also run from 9:00am to noon.

For more information or to volunteer for these events, call 552-9201 extension 10, e-mail them at naomi@sfcleancity.com or go to their website <http://www.sfcleancity.com>. Contact the Clean Team regarding any graffiti in public spaces.
