

SOUTHERN GALLERY

In Southern Gallery the emphasis is nostalgia. The late 19th century and early 20th century may have passed by but parts of it can be reclaimed in Southern Gallery. Vintage paintings, art deco pottery and Black Americana are a main thrust of my collection but you will also discover a delightful mixture of movie , arts and crafts furniture and books ranging from Southern Cooking and history.

Everything in my store has been collected with excitement and pride in what I've found.
