

*** FOR IMMEDIATE RELEASE ***

** SUMMER STARTS WITH A 500 BLOCK HAYES STREET CELEBRATION **

Our 2nd Annual Summer Solstice, Friday June 21st, 7 to 10 pm

Summertime in the city: sun, wind, days at the beach in the fog and an evening celebrating the summer solstice on the 500 Block of Hayes.

Once again all the shops on the block invite you to a block party. We will celebrate the evening with music, food, art, conversation and lots of good cheer.

The 500 Block of Hayes -- vibrant and alive with shops now has more to offer with the recent opening of two exciting businesses; Antonio Conti Design and Floramor, studio furniture and fine art and incredible floral design. They both add to the life and diversity of our block.

The enclosed information gives just a sample of the great things to be found on our block-- let your audience know now where they can go to have a great time while finding things they need.

FRIDAY JUNE 21st, 7 to 10 PM -- just the start of a great long-lasting and developing experience.
